### Government Lets Contracts for Up River Derricks.

### ALLIANCE SAILS FOR COOS BAY

Steamer Coquille River Sails For San Francisco—The Steamer J. B. Stetson Arrives in and Will Load Lumber at Tongue Point.

PORTLAND, May 1.—In awarding Joseph Supple a contract to build three derrick scows at Riparia, the government yesterday took the first step toward the improvement of the Columbia and Snake Rivers between The Dalles and Lewiston. The craft are to be ready for service in 90 days. Shipcarpenters will be sent to Riparia at once. Plans for a government steamer to be built at the same point for use as a tender are being drawn up and a contract for her construction will soon be let. She will be 150 feet long and of 30-foot beam, and is to be ready by the time the scows are completed. Each derrick will be 65 feet long and 20 feet wide. Powerful machinery will be placed on board, to remove large boulders and snags from the bottom of the rivers. Much of the construction material will be shipped to Riparia from Portland.

The steamer Coquille River arrived down yesterday and is now lying at the O. R. & N. dock and will go to sea today. She has been thoroughly repaired and is none the worse for her experience off the bar several weeks ago. At the time she was in trouble she lost her anchors which were afterward recovered by the tug Tatoosh. Yesterday these were put aboard of her once more and she is now ready to go to sea. She carries a full cargo of lumber.

The steamer Alliance left out yesterday morning for Coos Bay, Captain

Olsen in command. The steamer had a full cargo of freight and passenger list. Among her cargo was the machinery for the C. A. Smith Lumber Company which recently acquired the Dean Lumber Company and is now building a big mill at Marshfield. Mr. Van DeCarr, formerly with J. H. Seymour, was a passenger for Marshfield.

The steam schooner J. B. Stetson arrived in yesterday morning from San Francisco and docked at the Tongue Point Lumber Company's mill where she will take on a cargo of lumber. She brought up 20 passengers for Portland and they were transferred to the steamer Telegraph and left up yesterday afternoon.

The barkentine Sehome did not get to sea yesterday as was expected. Captain Mattsen and wife being taken sick with an attack of poison oak, which was contracted while the vessel was loading at Stella. The captain and his wife made excursions over the hills back of Stella and in this way caught the disease.

The steamship Costa Rica arrived down from Portland last evening and after loading 500 sacks of oysters and a lot of miscellaneous freight left out for San Francisco. She carried five passengers from this port, all that was allotted for this place.

The steamer Lottie belonging to the Tongue Point Lumber Company, which has been on the Supple ways at Portland being overhauled, will be launched today.

The steamer Sue H. Elmore arrived in yesterday morning with a full cargo of Tillamook products and is now loading for the return trip and will leave out Saturday morning.

The Geo. W. Elder was delayed in sailing from Portland yesterday but will leave out this morning for San Francisco via Eureka.

The schooner Della, Captain Jones, master, will leave out this morning for Nestucca with a full cargo of general merchandise.

The steamer Whittier, of the Union Oil Company, sailed for San Francisco yesterday.

### Change of Bill—

Last evening witnessed the last performance of "Friends" at the Astoria theater and tonight the bill changes to that high class farce comedy "Charlie's Aunt." This play is one of the best in the Howard-Dorset Stock Company's repertoire and is a show of international reputation, having run for 1500 nights in London and for 1000 nights in New York City. It bears the hall mark of Charles Frohman and is one of the best of its class that have withstood the ravages of time. "Charlie's Aunt" is particularly adapted to talents of the Howard-Dorset Company and the different parts might just as well have been written for each individual member of the company. Mr. Howard has a role that exactly suits his style of mirth producing and it goes without saying that there is a laugh in store for every Astorian who is fortunate enough to attend. There will be no performance Friday night but on Saturday and Sunday the company will again be at home to the many friends, whom they have gathered around them during their stay at the Astoria.

### Bound Over—

The preliminary examination of N. Smith and S. Hellford, charged with petit larceny was held in Justice Goodman's court yesterday. They were bound over to the Circuit Court.

### FOR SERVICE AND CONVENIENCE.

The prime essential of a business establishment is to have it open for the purposes of business when it is needed; not closed by custom nor any rule of hours. This essential attaches to the drug store of Dr. C. E. Linton at 185 Eleventh street, which is open every one of the 24 hours in the day; and with a stock that meets every requirement likely to arise in that time. It is one of the exceptions and is thoroughly endorsed.

### IT MAKES A DIFFERENCE.

It makes all the difference in the world to the convivial man where, and what, he drinks. Most men desire beauty and cleanliness, and handsome appointments in the saloon they patronize regularly, as well as the essen-
